

**President's report for C&D meeting on November 17, 2018**

Bud Sedman and I have visited nine of the ten active square and round dance member clubs in the past few months. We hope to visit the last club next week.

Clubs are completing the surveys. The surveys will be collected and reviewed in the next month or so. Thank you to the clubs for your participation in the surveys.

The Bylaw Committee met in October. Final minor changes are being made to the bylaws. The final Bylaws will be distributed in January.

A "Rules of Order" has been shared with me by an Executive member of a square dance club. It will be read at the start of each C&D meeting. It is a reminder to be respectful to others and give everyone a chance to voice their opinions. Common courtesy for other volunteers would be appreciated at these meetings.
